Career Path :

I have been working in Swarovski HK Ltd for more than 30 years. I had been 10 years as Sales Director in the business unit of Architecture, after it was merged, I have been shifted to a functional position as the Senior Key Account Manager of Strategic Wholesale Management Dept. Before 1987, I was a sales manager in a USA semi-conductor firm named Kulicke & Soffa (Asia) Ltd for 5 years. From 1976 to 1982, I was in the watch industry and worked for Stelux Mfg Co Ltd and Sunciti Mfr Ltd.

Service in SYSS & my expected contribution in Incorporated Management Committee :

I was elected as the Chairperson of the Sing Yin Alumni Association since Sept 2013. With the 4 years in this position, our performance is highly recognized and appreciated by school and alumni. I have been also a member in the Sing Yin Secondary School Education Foundation Ltd since 2014. I would like to use my experience to add as an effective and efficient “BRIDGE” between Alumni Association and alumni to IMC and SYSS. Of course, I will also try to share my working and management experience from the business organization to school.
